Verdant.

Verdant

About the Project

Verdant is an online clothing store project that presents a clean fashion identity, promotes a small curated collection, and gives users a simple shopping experience through clear layout and styling.

The website includes Home, Products, About, and Contact pages, with a shared navigation bar, footer, cart count, and night mode feature across the site.

Color Scheme

Color	Hexadecimal Value	Used For
	#132A1E & #F5FAF6	Main text and light background
	#1B4332, #2D6A4F, #52B788	Brand accents, buttons, emphasis
	#D8F3DC	Highlight panels and hover states
	#C8E6D0	Borders and separators
	#FFFFFF	Cards and content surfaces

Fonts Used

The website uses **DM Sans** for navigation, buttons, and readable content text, while **DM Serif Display** is used for page titles and brand-style headings to create a modern boutique look.

About Us

Verdant is a clothing brand built by students, for everyone.

Verdant is a website where we not only sell different kinds of clothing, but also share the story behind each piece. A well-made garment is worth a thousand words. Our mission is to offer sustainable, minimal fashion designed for real life — comfortable, durable, and honestly priced.

Our Team

Abdulaziz Alamer
Co-Founder · Software Engineering
ID: 202520138

I chose Software Engineering because it combines logical thinking and creativity.

Younis Alghamdi
Co-Founder · Network Engineering
ID: 202311833

I chose Network Engineering for my passion.
